

International Drive Your Studebaker Day 8th September 2018.

Rex and Ann Burr drove their Silver Hawk to Blickling Hall, Norfolk

Greg Diffen had some garage re-arranging to do and took several of his Studebakers out on the road.

Beryl and Slim Fooks drove their 49 Starlight Coupe to a car show in Aldershot, but took no photos as they thought IDYS Day was the 9th September! Thanks to Rick Bonathan for the snapshots.

Not too many American cars and only one Studebaker. And we were totally upstaged by a Raleigh Wisp.
