

Out and About with Club Members

Mike Whitby had an interesting journey collecting his 1939 Commander from Southampton docks.

"How to collect an old car when it arrived back in the UK from my US trip. Drive to Southampton in a 'slightly warmed up Minor' towing a trailer, collect blue car, put Minor on trailer, put Stude towing hook on, pick up trailer and away. Caused some amusement at the docks, arrive at Sidcup to be greeted by cat."
